

Travelling with Pets

#DiscoverSharkBay

Where are pets permitted?

Pets are permitted in Denham.

Dogs must remain on a lead however there is a dog beach at Netta's Beach.

Dogs are permitted at Hamelin Pool Telegraph Station.

Dogs are permitted on a lead at the carpark at Shell Beach.

They are not allowed on the beach at Shell Beach.

Dogs are permitted at recreation sites around South Peron.

Dogs are permitted at Monkey Mia but must be on a lead. They are not permitted in the dolphin interaction area.

Pets are not permitted in the Francois Peron National Park, Dirk Hartog Island, Edel Land including Steep Point, and Hamelin Pool Marine Nature Reserve (stromatolite carpark and boardwalk)

Dogs are not allowed on the beach at Shell Beach

Dogs are not permitted in the dolphin interaction area in Monkey Mia

Please note approved assistance dogs are exempt from these rules.

Pet Friendly Accommodation

Denham has 3 caravan parks all of which are pet friendly.
Monkey Mia will also allow pets in the camping area.

There are also accommodation providers who will allow pets to be tied up outside their units.

Please contact the Shark Bay World Heritage Discovery & Visitor Centre for more information.

Dog Sitters & Vets

There are several dog sitters in town, please contact the Shark Bay World Heritage Discovery & Visitor Centre for contact numbers. Prices start at around \$25 per day.

Please note there is no permanent vet in the Shark Bay area. The closest vets are located in Carnarvon or Geraldton.

1080 Poison Risk

A 1080 poison baiting program is underway in Shark Bay. The program facilitates control of feral cats and foxes because of their devastating impacts on native species. The 1080 poison does not harm native wildlife but is lethal to dogs and cats. Warning signs like the one below are placed prominently around baited areas and there is a 5km buffer zone around Denham. Please be cautious in all areas as baits can be transported via wildlife.
